

Village Halls Managing Risks Toolkit

PEOPLE

- Involving your community - what do people want and need
- Dealing with volunteers, staff, hirers and those using the hall
- Making everyone welcome

LAW & GOVERNANCE

- Your governing document
- the rules for how you function
- Roles, responsibilities, and what charity law says you should do
- Health and safety, insurance and other legal requirements

MONEY

- Income - hiring, fundraising, grants
- Spend - planning and budgeting
- Accounting and planning for the future with a Business Plan

BUILDINGS

- Fabric of the building and facilities: cleaning, maintenance, repair
- Making your building accessible
- Use of a formal hiring agreement

Produced with funding from:

THE PRINCE'S
COUNTRYSIDE
FUND

This toolkit aims to help village hall committees consider the main risks for their hall and to access further information to help manage these risks effectively.

Risk is often a topic which focuses on Health and Safety, or a crisis situation. This toolkit takes a more holistic approach to the range of risks for halls, and categorises these under four key headings of: Law and Governance; People; Money; and Buildings.

We would like to thank the Prince's Countryside Fund for supporting this project and the hall volunteers who have assisted with the development of the toolkit. Their commitment to finding the simplest, practical way to do things right has made this a thorough exploration of risk, far beyond the scope of dealing with a crisis situation.

Summary

We have included a few suggestions on how to use the guide (page 3), to avoid the danger of information overload! By working together to break down the job of identifying and dealing with risks, progress will be much easier. You can always contact ACT if you want to plan your approach with us.

This toolkit groups information about risk under four main headings, reflected in the pictogram on the front cover. These emerged as the areas of greatest concern with our village halls peer group.

- **Law and Governance** (page 4) summarises the guidance on your legal responsibilities and the central pillars to good governance. Understanding and implementing sound governance promotes a strong position from which all other issues can be managed with greater confidence.
- **People** (page 7) and how they interact safely and positively with the village hall, is an area of concern for many. This section looks at some of the things you must do (and many of the things you should do) to maintain a viable and relevant community facility.
- **Money** (page 9) This section includes both technical and practical advice on managing hall finances. Some of this is legally necessary, such as keeping finance records, and some is purely common sense, like working out if you are charging enough.

- **Buildings** (page 11). Of course, this toolkit is all about a building being used by the community, so ensuring the bricks and mortar are safe, accessible and good to use is vital.

No two village hall buildings are the same and structural issues should be dealt with in a manner which is appropriate to the fabric of your building. The resources in this section will give you enough information to make sensible decisions and identify relevant specialists for help when you need it.

We recognise that there is obvious overlap between the issues. For example, the duty of care to protect vulnerable users is both a legal issue and a conversation about people. However, we hope the structure of the toolkit will allow you to quickly find the information you need.

Inevitably there are things which do not fit neatly into this structure which is why we've included a **General** section (page 15) which summarises additional guidance available on village hall topics, including the Hallmark Quality Standard Scheme.

Most of the resources referred to in this toolkit, including all the numbered Village Hall Information Sheets (VHIS), have been produced by Action with Communities in Rural England (ACRE). These are available free to Cumbrian halls by contacting ACT direct. Please contact us so we can help you manage risk, through good practice.

How to use this guide

The way we suggest you use this guide is to:

- Use the diagram on the front cover as a discussion prompt for your committee.
- Consider the main risk areas for your hall - Ask "What keeps me awake at night?"
- Prioritise the issues in the chart below.
- Read the relevant section i.e. Law and Governance, People, Money, Buildings, and General.
- Identify the information to assist you.
- Contact us at ACT to request the relevant information or use the web links where information is available online.

See back page for ACT contact details.

- Identify the actions you can take to address your concerns, with dates and details of who is taking the action and when it will be reviewed, and update the chart below.
- Continue through your priority list requesting the appropriate guidance when you feel ready to address the next topic.
- Record your activity in meeting minutes on a regular basis to show that you are aware of the risks you've identified and are addressing them in a managed way.
- If you are unsure at any point, contact us at ACT and we will do our best to help you identify the correct resource to address your need.
- Let us know how you are getting on. Please send us feedback on your experience to help us our support for community buildings. We could also write a case study about your hall.

Managing Risk Chart

Issue	Prompt	Actions (Policy, Practice)	Priority Level	Name	Deadline	Result
What keeps you awake at night?	Has anything prompted you to worry about this?	Action needed to address the issue	Rank in order of importance / urgency	Who will action this?	When will it be done?	How will you know this is resolved?

Trustees Roles and Responsibilities (VHIS 17) – reviewed Feb 2022

Essential reading for anyone involved in running a village hall, everyone on the committee should have a copy and discuss it with new trustees when they join. This guidance breaks down the responsibilities of Charity Trustees (also known as Managing Trustees, or ‘The Committee’) and gives great advice on good practise. Areas covered include:

- Why most village hall charities have two sets of trustees: Charity / Managing Trustees and Holding / Custodian Trustees; who’s who and what this means.
- Charity Trustee responsibilities
- Tips for good practise
- Trustees liability and insurance
- Appointment and retirement of Charity Trustees

Trustee declaration of acceptance of office (ACRE)

An appendix to VHIS 05 the ACRE Safeguarding information sheet, this form should be signed by each charity trustee when elected, appointed or co-opted onto the committee (and after each subsequent AGM), to confirm they are eligible and willing to be a trustee, and understand the charity’s purposes (objects). It includes a Charity Commission link to the reasons why someone might be disqualified from being a charity trustee.

Health and Hygiene in Village Halls (VHIS 20) – updated Mar 2026

Most halls have facilities for providing light refreshment, and some to prepare full meals. Whatever the level of provision, it’s important to maintain high standards of maintenance and hygiene for kitchens and toilets. This information sheet explains the relevant legislation and suggests a range of standards appropriate for different circumstances. Areas covered include:

- Provision of toilets, general cleanliness and cleaning schedules
- Food hygiene and safety, guidelines for kitchens, and food business registration
- Appendices: Cleaning schedule Health & Safety notice

Providing food at community and charity events (Food Standards Agency)

Guidance on providing food in a village hall or other community setting for volunteers and charity groups. Includes advice on registration, certificates and allergen information that must be provided.

www.food.gov.uk/safety-hygiene/providing-food-at-community-and-charity-events

Trustee Indemnity Insurance (VHIS 35) – updated Sept 2013

Most village halls are unincorporated charitable trusts where the charity trustees have personal liability. The best way to protect trustees is to ensure the charity is well managed and good practice is followed. In addition, committee’s should also have trustee indemnity insurance. Areas covered in this information sheet include:

- How personal liability may arise
- Limiting the risk of personal liability
- Trustee indemnity insurance and public liability insurance

Village Halls run by Parish Councils as Sole Trustee (VHIS 36) – updated Feb 2015

Most village hall charities have two sets of Trustees (Charity / Managing Trustees and Holding / Custodian Trustees). In some circumstances a parish council is 'Sole Trustee' where it essentially fulfils both Charity and Holding Trustee functions. Areas covered in this information sheet include:

- What makes the parish council the Sole Trustee
- When is the parish council the Custodian Trustee, and not the Sole Trustee
- How charity business should be conducted by the parish council
- Parish council making changes to the management arrangements

Village Halls and Incorporation (VHIS 39) – under review

This information sheet provides advice for village hall committees who are considering whether incorporation is appropriate for their hall. Areas covered include:

- Personal liability and protection for charity trustees
- Trustee indemnity insurance
- Why a village hall charity might want to incorporate
- Legal structures for incorporation - CIO (Charitable Incorporated Organisation) recommended
- The incorporation process

Village Halls, governing documents and title deeds (VHIS 40) – reviewed July 2021

The governing document for your village hall charity sets out the charitable objects and rules for the organisation; it states what the charity is for and describes how it is run. Every charity trustee should have a copy and be familiar with it. Many older governing documents are comprised within the document by which the charity acquired the land in the first place – a conveyance, indenture or lease. Areas covered in this information sheet include:

- Different types of governing document and common constitutional structures
- Responsibilities of Holding / Custodian Trustees (i.e. not the Charity Trustees)
- Vesting charity land and property in the Official Custodian for Charities
- What to do if you can't find any governing documents or title deeds
- What to do if the Holding Trustees are deceased or cannot be found
- Making changes to governing documents of village hall charities
- Registration of land and property with the Land Registry

ACRE model Village Hall Governing Documents - Charity Commission approved

If you think your governing document requires amending, or are considering incorporation e.g. to a Charitable Incorporated Organisation (CIO), contact ACT for information and support.

We have Charity Commission approved village hall model documents and can provide specialist guidance to support hall trustees to make informed decisions, act in the best interests of the charity, and fulfil the necessary legal requirements.

- CIO (Charitable Incorporated Organisation) Constitution for a Village Hall
- Trust Deed (often used to assist with amending an existing governing document)

Recruiting and Retaining Volunteers (VHIS 32) – updated Jan 2016

Making sure your village hall has a sustainable group of volunteer committee members is often an issue, with groups expressing concern about skills shortages and simply not having enough people to share the workload. This information sheet provides guidance on the recruiting and supporting volunteers:

- Methods of recruiting – word of mouth, representatives of user organisations, different targeting techniques, guidance on the administrative requirements.
- Retaining volunteers - considering what motivates volunteers, allocating tasks, recognising input, and clarity of roles and responsibilities.
- Recruiting trustees and trustee liability concerns (see also VHIS 17 on Trustees Roles and Responsibilities and VHIS 35 on Trustee Indemnity Insurance).

Village halls, children and young people (VHIS 34) – updated Apr 2026

Basic advice to support the hall management committee in welcoming the younger generation to the village hall. The objects of most village halls are to provide a facility for the benefit of the local community without distinction. A charitable village hall should therefore be available to everyone and that includes children and young people in your community who may access the groups, activities and events that take place.

Some young people may wish to hire the hall or become involved by helping the hall committee. Some hall committees may be asked if a child can undertake paid tasks at the hall. This information sheet aims to provide guidance for hall committees and answer often asked questions.

Equality in Village Halls (VHIS 42) – updated Jan 2018

As an organisation which provides facilities or services to the public, village halls are obliged to familiarise themselves with their obligations under the Equalities Act, to protect people from discrimination. This sheet highlights the key concepts and good practice of the Equality Act by detailing:

- Discrimination (indirect and direct) arising from disability.
- Exceptions – Charity exemption, providing services for groups with protected characteristics, clubs and associations, single-sex communal accommodations, religious and belief organisations, age discrimination.
- Guidance on the adjustments and provisions that need to be made to ensure everyone is treated fairly at work or when using the services.
- Appendices: Equality Policy & Statement

Village Hall Surveys and User Feedback Form (ACT)

ACT has example surveys you can use to find out what people want and need from your hall. They can be used to help inform day to day management and when you're planning a refurbishment project. If you're looking for grant funding, they can also help to provide the 'evidence of need' to support your funding applications. - Contact ACT for:

- Evaluation form for hirers
- Checklist to identify regular user groups needs
- Example community questionnaire

Money Guidance

Planning fees for village halls (VHIS 01) – updated April 2026

Village Halls are not exempt from planning fees. This short information sheet provides details of the regulations and how Parish / Town Councils can help halls to reduce the cost.

Village halls and registration for VAT (VHIS 06) – updated April 2026

VAT registration is one of those ‘basic’ VAT issues that can create problems for any organisation. As a rule it is not advantageous for a village hall charity to register for VAT, unless it is required to do so. This Information Sheet highlights the relevant rules and provides guidance as to whether you should, or should not, register for VAT.

Grant Making and Support for community groups (VHIS 13) – updated Jan 2026

While many charities can make grants to other charities and good causes it is rarely the case that a charitable village hall, community centre, church hall or similar charitable community building is able to do so.

However, there are other ways in which such community halls can help support local charities, community groups and other good causes. The aim of this information sheet is to set out what is permissible and what is not, and the factors that village hall committees need to consider when they receive a request for help.

VAT on Accessibility Works (VHIS 16) – updated Jan 2026

In reaching out to your community it's important to ensure that your hall has appropriate facilities. VAT legislation provides several reliefs. These are simple cost savings, with minimum administration. One essential criterion is that the recipient organisation is a registered charity. Information produced with the assistance of VATAdvice.

Village halls and VAT on building work and other purchases (VHIS 18) – updated Nov 2017

Produced with the assistance of HM Revenue and Customs (HMRC) in 2017, this detailed information sheet aims to help village halls carrying out building work, or purchasing good and services, to identify potential VAT costs and make VAT savings. NB: this is not a substitute for advice from HMRC. Topics covered include:

- VAT explained
- Supplies to charitable village halls which are: ‘zero-rated’, ‘standard rated’, or which may be ‘reduced rate’.
- Recovery of VAT by local authorities (including Parish Councils)

Village halls rates, waste and water (VHIS 24) – updated May 2015

Village halls are not exempt from paying rates, water and waste charges. This information sheet explains the complex legislation and regulation surrounding charges for non domestic rates, mains water supply, surface water and highway drainage, and waster collection and disposal.

Dealing with VAT on fuel and power (VHIS 26) – updated April 2022

This information sheet aims to help village hall charities minimise the cost of VAT on fuel and power supplies. NB: this is not a substitute for advice from HMRC. It covers:

- Supplies of fuel and power liable to VAT at 5%, 20%, or both.
- ‘Business’ and ‘non-business’ activity and why it is relevant
- Halls heated by oil, LPG or solid fuel; and halls heated by electricity or mains gas
- Halls registered for VAT and halls run or funded by parish councils

Creating a Business Plan (VHIS 28) – December 2010

This information sheet guides village hall management committees through the process of producing a business plan. It includes a 13 point template and guidance on how to pull together a document that examines how the hall delivers for the community now and in the future. Many funders require a plan of some sort and this also helps with planning big projects and longer term fundraising.

- Appendices: Project Risk Assessment Emergencies Risk Assessment
 Project spend template Sample Village Hall Accounts

Accounting and Village Halls (VHIS 41) – reviewed May 2017

Comprehensive information on the financial management of a village hall, which if followed, will safeguard the assets of the charity, manage risks, guide decision making and protect the trustees:

- Legal obligations - Keeping records, Preparing accounts, Audit / independent examination, Annual Report, Reserves, Restricted funds, Declaring charitable status, and Reporting.
- Financial policies and procedures - Minimum regular reports to the Managing/Charity Trustees, Preparing a budget, Setting hire charges.
- Avoiding problems - Cash handling, cheque signing & dual authorisation, Hiring agreements, Payments to trustees, Related people, Contracts, Bank Statements, Payments to employees.
- Appendices: Finance policy Trustees Annual Report template
 Reserves policy Updated reporting & accounting thresholds (Nov 2025)

Further information available from the Charity Commission: www.gov.uk/government/publications/charity-reporting-and-accounting-the-essentials-november-2016-cc15d

Making the most of your village hall – Are you charging enough? (ACT)

Looks at reviewing the income you get from your room hire, and whether this is enough for you to cover your costs. If you aren't making enough from people hiring your hall, you will be eating into your reserves and may need to find other sources of funding to keep your hall open.

Available via the ACT website: www.cumbriaaction.org.uk/What-We-Do/Community-Buildings

ACT's Guide to Funders

Lists many potential funders for village hall projects, including contact details and summary of funding available. Also provides guidance on how to write successful funding applications.

Available via the ACT website: www.cumbriaaction.org.uk/What-We-Do/Community-Buildings

Buildings Guidance

Storage in Village Halls (VHIS 08) – updated Jan 2026

A common concern for village hall committees and regular user groups; this information sheet includes practical suggestions and guidance on:

- Maximising storage, or planning to increase storage
- Working with user groups to manage their storage requirements
- Fire safety and other health and safety considerations
- Under-stage storage and creating outside storage areas

Village Halls and car parks (VHIS 12) – updated Jan 2026

This includes clear advice on the general duty of care which Village Hall committees have as trustees, and how this impacts on safe maintenance of parking areas. There is also useful information on contracting with a local authority over recycling bins, wayleave and easement access arrangements, unauthorised parking and abandoned vehicles. Main topics covered include:

- Duty of care requirements to all visitors, including unauthorised visitors
- Maintenance and risk assessment; Dealing with snow and ice
- Parking for people with disabilities
- Other uses for the car park; Recycling bins
- Unauthorised use and abandoned vehicles
- Appendices: Waiver notice for car park

Asbestos (VHIS 14) – updated Mar 2026

If your hall was built before the year 2000, it's best to assume asbestos is present until proven otherwise. This information sheet explains what asbestos is, where it is often found, and the health risk. It also gives a straightforward overview of the hall committee's legal duty to manage asbestos and where to seek expert help.

- Appendices: Village Hall Asbestos Compliance Checklist

Accommodation in Village Halls (VHIS 21) – updated April 2026

This guidance goes into detail on the various kinds of overnight stays in village halls, such as guides / scouts, parties and events, bunk barn, camping and emergency use. It sets out the responsibilities to be considered around:

- Safeguarding
- Health & Safety, Fire Safety, Health & Hygiene
- Insurance and Risk Assessment
- Hire charges and conditions

Remember that a clear and comprehensive hiring agreement is essential. ACRE has a tried and tested Model Hiring Agreement.

Planning an extension, refurbishment or new build hall (VHIS 23) – reviewed Feb 2022

This is not about managing bricks and mortar or about design considerations; it is more about securing funding for improvements or redesign works. It offers guidance on what elements of a project can be funded and the skills and efforts needed for success. Key messages include:

- Understanding your governance, charity status and property title is essential
- Fundraising should be based on good budgeting and business planning
- Gather evidence (statistics and community support) to back up your project – prove that it is needed and that it is the right local solution
- Also includes information about planning permission, building regulations and working with an architect on larger projects, using CDM regulations.
- Appendices: Sub committee terms of reference

Making your Village Hall accessible (VHIS 25) – under review

This sheet goes into useful detail about the Equalities Act and what might be considered ‘reasonable adjustments’ in order to make a community building accessible. Provides practical and best practice solutions to enable people with a wide range of disabilities and constraints to access facilities and services that are available.

- Appendices: ‘DIY’ walk round Access checklist

Village Hall Heating (VHIS 30) – Written Nov 2013

This information sheet covers a range of conventional and more bespoke solutions and draws attention to the many considerations associated with choosing a heating system for a community building. Some references may be dated as it was written in 2013. Includes useful tips on:

- Insulation and draughtproofing
- Heat conservation, managing condensation and good ventilation
- How to keep costs down by saving energy
- Maintaining a healthy building fabric

Village Hall Flooring (VHIS 31) – Written Jan 2011

The guide looks at a range of flooring options and considers factors like cost, durability and how easy it is to clean. Think about all possible user groups and the areas of the hall which they use. Also includes handy tips on reducing wear and tear, on what will be a large and very occasional investment for any hall. - Some references may be dated as it was written in 2011

Fire safety in village halls (VHIS 37) – Updated Jan 2025

This detailed information sheet aims to help village hall committees understand their legal responsibilities when it comes to fire safety. It includes:

- Guidance on carrying out a fire risk assessment in your hall
- Hazards to look out for, which can arise from bad practice over time
- Appendices: Periodic fire safety checklist Checklist for hirers

Short Guide to Security (VHIS 38) – updated Mar 2026

This information sheet considers the main security risks for a hall: arson; malicious damage (vandalism); and theft. It suggests a proportionate, proactive approach to boosting security and understanding the minimum security standards required by the hall's insurance. Considers preventative measures, CCTV, keys and entry systems, and end of session checklist for hirers, to minimise fire risk and avoid an opportunistic security breach.

- Appendices: Key holder agreement

Model - Hire Agreement (ACRE) – 2016 model with 2021 and 2022 updates (under review)

Model hire agreement and terms & conditions of hire. An essential for all village halls - whenever a hall is hired out a written agreement should be in place. The use of a hiring agreements, such as the ACRE model, establishes a clear contract between two parties and can be used as evidence should legal action become necessary e.g. non payment for hire. The model document has explanatory guidance notes throughout.

- Original 2016 model document and guidance notes,
- Includes: 2021 update to clause 4 (Insurance & indemnity) and clause 9 (Safeguarding)
- Also includes 2022 update in line with the ACRE model Safeguarding policy. (VHIS 05)

Model - Occupational Licence (ACRE) - 2013 Edition

An occupational licence should be used (not a hiring agreement) where a village hall has the opportunity to hire out the whole or part of the hall for each day or part of the days of the week on commercial terms e.g. for a shop, Post Office, doctor's clinic.

Maintaining Your Hall – Building Maintenance / Property Information (ACRE) - 2010 Edition

Regular inspection of a village hall and its surrounding is essential. This comprehensive ACRE publication provides information on what village hall committees need to know about their building and a general framework for maintenance procedures which can be adapted to suit the needs of your hall. - Some references may be dated as it was written in 2010.

It suggests taking a proactive approach to up-keep, linked to a planned maintenance budget on a rolling programme. Information complements many of the other village hall information sheets.

- Appendices: Property information sheet Building maintenance checklist
10 year Maintenance programme & costs spreadsheet

Dementia Friendly Village Halls (CFH&W) – 2019

Our ACRE Network partner Community First in Hereford & Worcestershire co-produced these useful guides to creating dementia friendly village halls. The focus is on the needs of people living with dementia but will also be of relevance to village hall users with other disabilities.

The 'Guide and Checklist' covers dementia friendly design and issues to consider when planning events and activities. Available on request from ACT.

The 'How I can Make a Difference' guidance provides simple, practical steps to make events and activities as welcoming as possible. Available on request from ACT.

Broadband and WiFi in Village Halls – 2025

Short guide produced by Connecting Cumbria about installing and providing Broadband and WiFi in village halls and community buildings. Advice about initial connection, costs, security and coverage. Available on request from ACT.

Net Zero Design Guide for Village Halls (ACRE) – updated Sept 2025

A simple, practical resource to help hall committees planning to improve the quality and performance of their building by making it more energy efficient and environmentally friendly.

Outlines the things management committees should consider when planning to 'go green', introduces the different technologies available, and provides case studies.

Available here: www.cumbriaaction.org.uk/what-we-do/community-buildings

Village and Community Halls: A Guide to Surveys (ACT) – Feb 2025

Commissioned by ACT, this national guidance for hall committees explains the benefits of obtaining building surveys to help make informed decisions about maintenance and improvements, and provides evidence of this to grant funders and others.

Details the different types of surveys available and how to go about engaging a surveyor. Includes a section for surveyors and a comprehensive chapter about energy surveys.

Available here: www.cumbriaaction.org.uk/what-we-do/community-buildings

'DIY' Energy Survey for Community Buildings (CSE) – Aug 2024

Guidance and a template self assessment energy survey for community buildings, produced by the Centre for Sustainable Energy (CSE). A useful first step to gathering important information and identifying basic measures to improve energy efficiency and the overall health of your building. Also helps to identify where further expert advice may be needed.

Many hall committees have found it useful to complete this 'DIY' survey prior to commissioning a professional energy survey.

Available here: www.cse.org.uk/resource/energy-survey-for-community-buildings

Introductory Guide to Battery Storage in Village Halls – Jan 2026

This guide will help you to think through whether a battery is right for your hall, the implications for your hall's energy use and costs, and design and management strategies to make a battery most effective and efficient for you and your carbon footprint.

Available here: www.cumbriaaction.org.uk/what-we-do/community-buildings

Village Hall Environmental Policy – Updated 2024

Sample Environmental policy for a village hall, stating the hall committee's commitment to protecting and actively promoting the improvement of the local environment. Sets out environmental priorities to be integrated into all decisions taken, including: energy use; use of chemicals and pollution; waste and recycling; single-use plastics; awareness raising; environmental impact of building projects; choice of suppliers; biodiversity; and health and well-being of all.

General Guidance

Parish council help for village halls (VHIS 02) - Updated Jan 2026

Information about how parish councils can support village halls. Includes: providing financial and other assistance; and appointing a councillor to be a charity trustee on the hall committee.

Also details where a Parish Council may be 'Custodian Trustee' (simply holding the charity property on behalf of the charity, with no management role, where the Council must act under the lawful instruction of the management committee); or the rare instances where a council is 'Sole Trustee' (holding the charity property as above, and also responsible for the management of the charity). - In either case, the hall is not owned by the Parish Council as a local authority asset.

Providing services in village halls (VHIS 03) - Reviewed April 2021

Guidance on the practical considerations for village hall committees where the community needs a venue from which to operate services outside the traditional role of the village hall such as:

- Shops
- Post Offices
- Community Café
- Farmers Markets
- Cinema & Film
- Office Space
- Weddings
- Libraries
- Other Services

It looks at the legal implications, insurance and security, licenses, rates, hire charges and policy.

Entertainment in village halls (VHIS 09) - Updated Jan 2026

Guidance to help village hall committees decide when it is necessary to licence the building for entertainment and copyright purposes. Includes information on:

- PPL & PRS Music copyright licensing
- Premises license
- Temporary Event Notices

Alcohol in village halls (VHIS 10) – under review

If you want to make alcohol available in your hall, on a regular or occasional basis, this guide looks at the Licensing Act; Temporary Events Notices; Premises Licence; Charity Law and the regular sale of alcohol; and other things to consider.

Village halls and social clubs (VHIS 27) – under review

This information sheet looks at the relationship between the village hall committee and the social club, the governance structures, and how the sale of alcohol is managed.

Bingo in village halls (VHIS 29) – Reviewed Jan 2011

There are a number of different criteria that need to be met in order for bingo to be played in village halls. This information sheet aims to explain these and provide examples.

Gaming and lotteries (VHIS 33) – Reviewed Feb 2011

Information on: Lotteries; ‘200’ clubs; Race nights; Casino nights; Taxes; and Alcohol in raffles and as prizes. Includes an example Constitution for a ‘200’ club.

Noise policy (ACRE) – 2017

Sample noise policy for a village hall.

The Hallmark Scheme – A quality mark for Village Halls. (Under review)

Hallmark is a nationally recognised quality standard scheme for the management of community buildings launched by ACRE in 2007. ACT coordinates the Scheme in Cumbria, with the support of volunteer Hallmark Visitors who carry out each peer assessment. There are three Hallmark awards, each must be achieved in the order shown and is valid for three years:

- Hallmark 1 - Charity essentials and administration
- Hallmark 2 - Legislation: safety, licensing and maintenance
- Hallmark 3 - Community & social awareness, communications, forward planning & development

Further information, including Hallmark One checklist and entry form can be found on the ACT website: www.cumbriaaction.org.uk/what-we-do/hallmark-quality-standard

Health and safety checklist for village and community halls (HSE)

Health and safety shouldn't be a barrier to managing a hall. Taking a sensible and proportionate approach is key to making sure the hall provides a healthy and safe place for people to use without unnecessary bureaucracy.

This simple guidance from the Health and Safety Executive (HSE) focusses on health and safety issues and the checklist provides questions to prompt you on:

- Employing staff and links to useful advice.
- Questions around: Car Parks, Movement around the building, Electrical equipment and services, Gas equipment and services, LPG, Asbestos, Fire and Legionnaires disease.

Available at: www.hse.gov.uk/voluntary/assets/docs/village-hall.pdf

Risk Assessment template (HSE)

Simple guidance on risk assessment and a template to download covering the following:

- Who might be harmed and how
- What you're already doing to control the risks
- What further action you need to take to control the risks
- Who needs to carry out the action
- When the action is needed by

Visit: www.hse.gov.uk/simple-health-safety/risk/risk-assessment-template-and-examples.htm

ACT would like to thank the Prince's Countryside Fund for supporting this project and the village hall volunteers who assisted with the development of the original toolkit:
